

K-Love is the ONLY radio that focuses on everything positive in this world. There is nothing offensive and only serves our community as a spiritual propoanant that encourages and serves GOD. I FEEL better when I keep this on my computer..in my car...my kids ask for the GOD station...my friends all listen now...our community is MORE a community by having this alternative to listen to...KLOVE encourages relationships...respect...outreach...no gimmecs...no sales...just POSITIVE...ENCOURAGING talk and music...how could the FCC NOT want to support such a worthwhile cause in such a time that our world is in...just this AM I was listening a man who e-mailed with a donation from Afghanastan and thanked KLOVE for being there for him and at times being the only connection he has to GOD...regardless of religion...a higher power is so improtant and KLOVE is there for all of us around the world! WOW...how powerful! Praise GOD and Praise KLOVE!
